Events of Interest for June 2006

- ♦ June 9-11—Fairfax Fair located at the Fairfax County Government Center—12000 Government Center Parkway
- ♦ June 14—Flag Day
- ♦ June 20—Last day of school in Fairfax County

On Monday, May 8, 2006, the Sully District was transformed by the tragic events that unfolded at the Sully District Police Station. In the face of adversity, the community came together to support and comfort the police officers who protect their community daily. Over the two-week period that the Sully District Police Station dealt with this tragedy, people came from all over to pay tribute to the fallen officers and to show support for those who continue to serve and protect. Not a day went by that the officers were not presented with flowers, cards and food. The community provided an overwhelming support by donating food to the officers who worked long hours during the two-week period.

Along with various donated items, the strong presence of the community during both candle light vigils and funerals for Detective Vicky Armel and Master Police Officer Michael "Gabby" Garbarino was greatly appreciated by the members of the Fairfax County Police Department. It renewed our belief in the relationship with the community that we serve.

The men and women of the Sully District Police Station thank each of you for your support, prayers and kind words during this tragic time. It has been a true testimony to the work that both the police officers and the community do every day.

Traffic Trivia

Code of Virginia § 46.2-829. Approach of law-enforcement or fire-fighting vehicles, rescue vehicles, or ambulances; violation as failure to yield right-of-way.

Upon the approach of any emergency vehicle as defined in § 46.2-920 giving audible signal by siren, exhaust whistle, or air horn designed to give automatically intermittent signals, and displaying a flashing, blinking, or alternating emergency light or lights as provided in §§ 46.2-1022 through 46.2-1024, the driver of every other vehicle shall, as quickly as traffic and other highway conditions permit, drive to the nearest edge of the roadway, clear of any intersection of highways, and stop and remain there, unless otherwise directed by a law-enforcement officer, until the emergency vehicle has passed. This provision shall not relieve the driver of any such vehicle to which the right-of-way is to be yielded of the duty to drive with due regard for the safety of all persons using the highway, nor shall it protect the driver of any such vehicle from the consequences of an arbitrary exercise of such right-of-way.

Violation of this section shall constitute failure to yield the right-of-way; however, any violation of this section that involves overtaking or passing a moving emergency vehicle giving an audible signal and displaying activated warning lights as provided for in this section shall constitute reckless driving, punishable as provided in § 46.2-868.
